REASONS FOR ALLOWANCE

Claims 1, 2, 4, 5, 7 and 10 are allowed.

The following is an examiner's statement of reasons for allowance: while the prior art teaches reporting an error rate at network elements and using that information to determine when an error rate is reaching a threshold value, the prior art fails to teach subtracting the error rate reported to a management system by one network element from the error rate reported by the adjacent network element to obtain the error rate for that particular network domain.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
